The law allows 28 days after the election to complete the ballot tally and the official audit of the election, known as the Canvass. When the Canvass is completed, the official results are certified.

Provisional ballots are voted at the polls when a voter's registration is in question, or when our records indicate the voter was already sent an absentee ballot. Provisional ballots are sealed in special envelopes at the polls and must be individually researched and verified at the Elections Office ballots are counted or rejected in accordance with election laws.

All absentee ballots must be pre-processed before they are counted - this includes verifying every absentee voter's signature prior to opening the absentee ballot envelopes to remove the ballots in preparation for counting.
