ABOLISHMENT OF TRUSTEE AREAS IMPARTIAL ANALYSIS OF MEASURE "Q" BY BUTTE COUNTY COUNSEL

The Durham Unified School District ("District") measure is being submitted to the voters in the District pursuant to Education Code section 5020. The measure has come to the ballot as a result of actions taken by both the Butte County Committee on School District Organization and the Durham Unified School District Board of Education.

There are 5 trustees of the Durham Unified School District Board of Trustees. The District is divided into 5 "trustee areas". Pursuant to the existing requirements of the District, members serving on the Board of Trustees of the Durham Unified School District must reside in the geographic Trustee Area they represent.

A majority "yes" vote on the measure will eliminate the existing residency requirement as to Trustee Areas. This would mean that the only residency requirement applicable to a Board of Trustees member would be that he or she must be a resident of the District, without regard to residency within any particular Trustee Area. In order to serve on the Board of Trustees they must be a registered voter and reside within the District. A majority "yes" vote would not affect the status of any of the current incumbent Governing Board Members. A majority "yes" vote would simply mean that in future elections, voters would select Board of Trustee members for the entire District on an at-large basis, without regard to the geographic area of the District in which the candidates for any particular Board of Trustee vacancy reside.

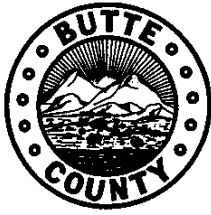

A majority "no" vote on the measure will not eliminate the existing residency requirement as to Trustee Areas discussed above. Thus, a majority "no" vote on the measure would not change the existing residency requirement of the District set forth above.

Re: Impartial Analysis Regarding Abolishment of Trustee Areas; Durham Unified School District

Dear Ms. Cassady:

Per your request the following is our impartial analysis:

"The Durham Unified School District ("District") measure is being submitted to the voters in the District pursuant to Education Code section 5020. The measure has come to the ballot as a result of actions taken by both the Butte County Committee on School District Organization and the Durham Unified School District Board of Education.

There are 5 trustees of the Durham Unified School District Board of Trustees. The District is divided into 5 "trustee areas." Pursuant to the existing requirements of the District, members serving on the Board of Trustees of the Durham Unified School District must reside in the geographic Trustee Area they represent.

A majority "yes" vote on the measure will eliminate the existing residency requirement as to Trustee Areas. This would mean that the only residency requirement applicable to a Board of Trustees member would be that he or she must be a resident of the District, without regard to residency within any particular Trustee Area. In order to serve on the Board of Trustees they must be a registered voter and reside within the District. A majority "yes" vote would not affect the status of any of the current incumbent Governing Board Members. A majority "yes" vote would simply mean that in future elections, voters would select Board of Trustee members for the entire District on an at-large basis, without regard to the geographic area of the District in which the candidates for any particular Board of Trustee vacancy reside.

A majority "no" vote on the measure will not eliminate the existing residency requirement as to Trustee Areas discussed above. Thus, a majority "no" vote on the measure would not change the existing residency requirement of the District set forth above.
