

Resources for Voters

Remote Accessible Vote By Mail

Remote Accessible Vote By Mail (RAVBM) is a way for voters to receive their ballot in an accessible format. By signing up and providing an email address, the voter will be emailed a link to download their ballot. They can then mark their ballot on their personal computer, print it out and then return it via mail or fax.

Where's My Ballot?

Tracking your ballot has never been easier. Using the Where's My Ballot tool, voters can sign up to receive notifications on the status of their vote by mail ballot. The alerts can be received by email, text or even a phone call. To sign up, go to the www.buttevotes.net homepage and select "Where's My Ballot?" or visit <https://california.ballottrax.net/voter/>.

Voter Assistance Centers

Voter Assistance Centers will be available throughout the county from October 31st through November 3rd. These are full service locations where voters can get any assistance they need in casting their vote.

Language Assistance

Bilingual services are offered in Spanish and Hmong along with a language assistance hotline offering translations in Spanish and Hmong, as well as American Sign Language. Facsimile ballots will be available in Spanish and Hmong for voters to reference.

Accessible Ballot Marking Devices

Our ICX Touchscreen devices provide ballots in an accessible format for voters with disabilities, or for any voter who would prefer to mark their ballot electronically. Using the touchscreens the voter can mark their ballot with various accessibility settings, including an audio ballot using an audio-tactile controller.
